Tuesday - 19 January 1965

1. (Internal Use Only - [REDACTED]) Carl Marcy called saying the Chairman of the Senate Foreign Relations Committee wished to know if the Director could brief the Committee on Monday, Tuesday or Wednesday of next week in the morning. The topic specified was the Soviet posture - militarily and economically. I indicated to Marcy that I would check this with the Director and advise. I notified the Director of this request and he stated he wished to discuss this with the White House and would let me know.

2. (Unclassified - [REDACTED]) Spoke with Mrs. Verda Barnes, in the office of Senator Frank Church, regarding a constituent inquiry dated 28 December 1964 which was referred to us by State Department and received 14 January 1965. In view of the heavy commitment of the Senator's office to inaugural arrangements, it was agreed I would stop by on Monday, 25 January, to resolve the matter.
